Data Warehouse Architect

Salient Management Company, developer of world leading data mining and visualization software, is seeking a motivated individual with strong problem solving and leadership skills to work with clients and team members as they create and deliver state-of-the-art performance management systems to a wide range of industries.

This is a tremendous opportunity to be part of an innovative team delivering first / best-of-kind value based performance management systems and methodologies. If you're interested in pursuing your career in an energetic, rapidly growing environment where you have an opportunity to learn and advance, we want to hear from you.

Education/Experience
- B.S. preferred, or related experience
- 6 years experience involving relational and dimensional database technologies combined with business systems analysis.

Primary Duties & Responsibilities:
- Translate business requirements into logical and physical data and data warehouse models.
- Design data and data warehouse architectures.
- Define data integration strategies.
- Problem resolution and design recommendations.
- Comprehend and interpret databases diagrams and data dictionaries.
- Perform data analysis and interrogation.
- Communicate with clients and team leaders in a professional manner.
- Validating results with business representatives.
- Develop project documentation.
- Manage day to day implementation activities.
- Provide mentoring and support to department colleagues as necessary.
- Participate in remote and on-site design, data modeling and mapping exercises.

Preferred Skills or Knowledge
- Ability to read and write routine correspondence
- Ability to communicate effectively with staff and other individuals

Technical Skills
- Microsoft Office Suite
- BI, Data Analysis and Data Modeling
- ETL, Data Integration Techniques and Data Warehousing Architecture
- Database Design (Relational and Multi-dimensional) and Diverse Database Platforms
- Advanced SQL
- Windows Powershell Scripting and Windows DOS Batch Scripting
