Project Administrator I

Recognized for more than 25 years of growth in visual data mining technologies, Salient delivers a lightning-speed solution that empowers people and impacts business at all levels. As an industry leader, we attribute our success to our cutting-edge technology and to the contributions of our dedicated, forward thinking employees.

We offer a fast paced work environment. We focus on the professional development of all employees. As part of our generous compensation package, Salient offers paid time off between Christmas and New Years. We foster open communication and are committed to a team oriented environment.

We are seeking a Project Administrator to plan, implement and track projects ensuring the efficient execution of contract requirements. This is a full-time, position that will be located in Albany, NY.

To perform this position successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the minimum knowledge, skills and/or abilities required.

Education/Experience
- A.A.S.
- 1-3 years of project planning experience preferred

Primary Duties & Responsibilities:
- Document project initiation process in the proper format working with internal resources.
- Assist with the creation of all project documents, update documents, organize and ensure proper storage of artifacts and create plans for small internal projects.
- Document project activities, work with senior project managers to create project plan templates and ensure all project documentation is completed by the team.
- Assist with project reporting, establish communication schedules and run meetings for assigned projects.
- Assist with monitoring and controlling projects. Monitor and control small internal projects.
- Document and monitor change requests and risks.
- Ensure all timekeeping and final project documentation is complete and properly stored. Distribute final documents and assist with analysis of project success.
- Foster working relationships with team members and associated departments.
- Monitor appropriate billing points for each contract.
- Strictly adhere to Salient and client security policy and procedures.

Preferred Skills or Knowledge
- Attention to detail/Organizational Skills
- Data Management
- Problem solving skills
- Ability to work cooperatively and effectively in a team setting

Measures of Performance
Demonstration of timely project documentation and reporting, number of small, internal projects, project risk registers and affirmation that change control logs and artifacts are current in Salient tools.
